WORLD NEWS IN REVIEW

(Editor's note—Since politics is currently top conversation wherever people meet, the author of this column has selected a pertinent comment by Clem Whitaker, newspaper columnist, in which he discusses two of the most popular November 8 ballot issues.)

Political Parade

By CLEM WHITAKER

No one seems to have noted it, but the "Single Tax"-Sales Tax Repeal Act and the "$30 Every Thursday" pension scheme—the two most controversial issues on California's November ballot—are diametrically opposed to each other!

Taken together ,they constitute a curious commentary on political perversity, for thousands of initiative petition signers doubtless signed up for both measures.

Yet the so-called "Single Tax" would repeal the State sales tax and forever forbid any other sales tax, while the "$30 Every Thursday" act would levy the highest sales tax ever applied in any State in the Union.

The 2-cent per week stamp tax on pension warrants, as contemplated in the "ham and egg" proposal, would amount to a transactions tax, or sales tax, of one billion, five hundred and sixty million dollars a year.

The present State sales tax, which proponents of the "Single Tax" condemn as too high, brings in less than one hundred million a year—the bulk of which goes to support of the public school system.

"Ham and eggs" without a sales tax, in the opinion of the experts, is an economic impossibility — yet that is the order which debonair petition signers have shouted to California voters.

If the "ham and egg" pension proposal and the "Single Tax" should both receive voter-approval, California would find itself in the following position:

It would have repealed the State sales tax (and various other taxes), piling the burden on the common property taxpayer.

And, at the same time, it would have enacted a new sales tax fifteen times greater than the one repealed —to pay pensions to its retired citizens greater than the average yearly income of its working citizens.

But there are increasing indications that the "Single Taxers" and the pensioners, if left to their own devices, will be at each other's throats long before election day. They're incompatible!

In 1936, California voters defeated all but four of the 23 ballot proposals submitted to them. They are quite likely to better that record in 1938.

S M COUNTY HISTORY BOOK GOING TO PRESS

Dr. Frank Stanger Of Junior College Has Prepared Manuscripts

The History of San Mateo County, which has been in the course of preparation for several months under the authorship of Dr. Frank Stanger, of the San Mateo Junior College, is shortly going to press in the county.

The work will contain a total of about four hundred pages and will be illustrated and handsomely bound.

In the opinion of those who have read the finished portions of the manuscript, the work will be a decided contribution to the historical archives of the county. Dr. Stanger has spent a number of years in doing historical resarch on this section of the state, and is considered an authority on local history.

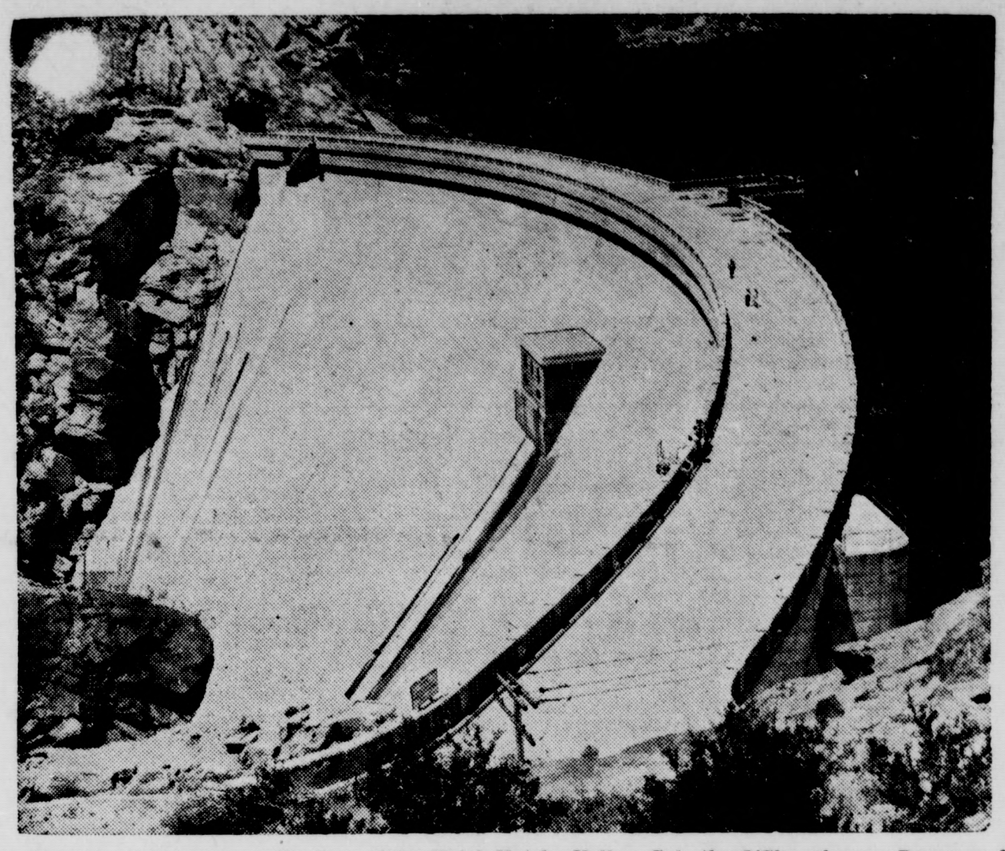
The biographical section of the book will consist of biographical sketches of community leaders, both living and deceased. These are being prepared by A. H. Cawston, the managing editor of the history, and are being checked by those interested prior to publication in order to insure accuracy.

While the edition will be limited to advance individual subscribers, copies of the work will be available for the libraries, schools and other institutions of the county.

TEAR UP YOUR STAMPS

Federal authorities are continually on the lookout for tax-dodging cigaret manufacturers who pay scavengers one-half cent each for undamaged DeWitt Clinton six-cent U. S. revenue stamps which they tear off empty cigaret packages. Smokers who tear off the corner of the pack seldom damage the blue stamp.

Dedicate Famed Hetch Hetchy Dam



Towering 430 feet from the floor of the Hetch Hetchy Valley, Cal., the O'Shaughnessy Dam was formally dedicated recently as state and federal dignitaries attended the colorful ceremony. Built to supply San Francisco with a limitless supply of water and power, the structure seals the Tuolumne River gorge. The project is connected with San Francisco by an ingenious 47-mile-long gravity system of mountain tunnels and giant pipe lines. The dam is named after former City Engineer M. M. O'Shaughnessy of San Francisco, who died before it was finished.

Plan Carnival For Children On Halowe'en

Civic leaders, local organizations and the Daly City Recreation Department are planning a larger and more gay Hallowe'en carnival for local children than has ever before been staged here.

A costume parade, entertainment features, prizes and street dancing will be the main features of the big party scheduled for Monday evening, October 31.

Cleo Miller is general chairman of the affair. Honorary chairman i s Mayor Paul G. Selmi. Daly City Recreation Department will work out details for the party.

Construction News By John J. McGrath

Nearly $2,000,000 has been allotted, expended or is still waiting official approval in Washington for construction of government sponsored and other public works through San Mateo County, according to a statement made recently by Congressman John J. McGrath, candidate for re-election at the polls in November.

The money, McGrath's statement reads, is in the form of grants and gifts allowed by the federal government to every community in the county for necessary public work including schools, auditoriums, city halls, recreation centers, water work system, streets, fire stations and other construction.

Localities which have been benefitted are, according to the statement, Baywood, Bay Shore City, Brisbane, Burlingame, Daly City, Hillsborough, Menlo Park, Redwood City, Millbrae, San Carlos, San Bruno, San Mateo, South San Francisco, Half Moon Bay, and the county sections.

Distribution of funds on projects have been classified as follows:

For projects already completed, $166,069; allottments made, but work not yet started, $993,331; projects now actively under construction, $117,207; appropriations pending final official approval, ...656,947. Total, $1,933,554.

Congress Candidate Outlines Platform

Jack Anderson outlined his platform at a recent meeting on the Peninsula, stressing his basic premises that there can be no return to prosperity in the Eighth Congressional District until farm markets have been restored and rebuilt.

"I support collective bargaining as labor's right," Anderson declared. "But I will fight communistic, alien and racketeering labor leaders who would misuse the name of labor.

"I pledge my support to an adequate, workable national program of old age pension."

EDUCATION IS BEST ACCIDENT CURE SAYS CATO

Civic Leaders And Traffic Safety Workers Attend Dinner Meeting

With more than 50 civic leaders and traffic workers present, Chief E. Raymond Cato of the California Highway Patrol Tuesday night stated that the best means of reducing traffic accidents is to educate everyone operating an automobile in the fundamentals of safe driving.

While speaking mainly of traffic safety problems in general, Chief Cato touched on one of San Mateo County's most acute safety problem when he blamed the grim accident record of the Bayshore Highway mainly to "speed."

The meeting, arranged by the San Mateo County Traffic Safety Commission and the San Mateo County Elks Lodge No. 1112, was presided over by Dr. Arthur H. Nobbs of Burlingame, commission chairman, at the Benjamin Franklin Hotel in San Mateo.

Chief Cato, who had just returned from Los Angeles, where he attended a convention of the Wetsern Safety Conference, explained many of the resolutions adopted at the meeting, which was one of the most active and largest ever held.

STATE LEADS MOVE

"California is definitely looked to as a leader in this safety problem, and we must do a real job," Chief Cato said, "we must have the active support of the public—not just sympathetic discussion."

At the conference the governors of 11 Western states pledged their support to the program, as well as scores of industrial leaders operating huge fleets of cars and trucks, Cato reported.

Outstanding among plans that have produced real results, according to Cato, is the Pennsylvania plan, whereby any driver arrested f o r speeding loses his driver's license for a period of 90 days. Deaths have dropped 42 per cent since the measure was adopted, he said.

A follow-up of this is the traffic safety school through which they have already put more than 5000 drivers arrested for minor infractions of the law.

Other resolutions adopted at the conference sought: Uniform traffic signals and road signs throughout the United States; installation of four-lane divided highways as rapidly as possible; to make it mandatory that city traffic and road signs conform to highway signs; mandatory lighting of any new highways at the time of building.... a definite program for the elimination of grade crossings through under and overpasses; a planned program of highway lighting for the entire road system; mandatory traffic education and junior traffic patrols.

J. J. McGrath In Interview On Streets

Mayor Paul G. Selmi interviewed Congressman John J. McGrath this week in regard to rushing necessary legal procedure in order to start work on street improvements in the southern portion of Daly City.

Application to the federal government has been made to set up a PWA project to pave unimproved streets in that section of Daly City and to install curbs and gutters.

Congressman McGrath assured the mayor that he would do all he could in order to receive governmental okeys on the improvement proposals and stated that he hoped work could be started in the near future.

Jean B. Fay Weaves Abstract Tapestry

"The Desert," the first of a series of four abstract tapestry designs by Ben Cunningham, is being woven by Jean Fay of the WPA Federal Art Project Tapestry Division. Each tapestry will be 72 inches long and 40 inches wide, and is based on a monochromatic harmony of color.

Tints, tones and shades of one hue will predominate in each tapestry. In "The Desert," yellow will be the basic color. The principle hues of the remaining tapestries will be blue for "The Mountains," red for "The City," and green for "The Sea."

Frequently, artists in making a design for the loom believe that the design must be simplified. However, in the case of this series of designs by Mr. Cunningham, great care has been taken to exploit fully the possibilities of the loom.

Auto Accident Toll Equals Hurricane

Recently the entire nation was shocked by reports of a tremendous hurricane and tidal wave which swept the New England coast and snuffed out hundreds of lives. Great as the tragedy was, people little realize that such a tragedy is re-enacted every week of the year, according to the Safety Department of the National Automobile Club. Just as many are killed, just as many injured, and the cost is just as great.

This catastrophe, instead of being a hurricane, is the parasite Accident. This parasite last year took an average of 290 lives and injured 27,000 every day. Less dramatic than a hurricane because they happen individually, accidents occur in every phase of life and continue to wreak the damage of a hurricane a week.

Unlike hurricanes, however, accidents can be prevented. It is often just a moment of caution, an ounce of foresight, that makes the difference between a fatal accident and safety.

PACIFIC AUTOMOBILE SHOW SET FOR NOV 11 TO NOV 19 AT THE S F CIVIC AUDITORIUM

Rudy Vallee And Array Of 1939 Cars Will Be Major Highlights

San Francisco and the bay region will be the focal point of all western automotive activity during the week of November 11 to November 19, inclusive, when plans now being laid by the San Francisco Motor Car Dealers Association materialize. During these days the Pacific Automobile Show will be held at the San Francisco Civic Auditorium with two feature attractions — Rudy Vallee and his fifty musicians and entertainers and an array of 1939 models fresh from the Detroit factories in their new colors and with their many mechanical improvements over previous cars.

But this year's Show will not be just an ordinary run-of-the-mill automotive display as was pointed out last Tuesday at a special press luncheon by Glen Stater, president of the Dealer Association, and Jack French, chairman of the Show Committee. In fact this year's Show will be the most important automotive exhibit held west of Chicago. Dealers and factory representatives from as far east as Denver, as far north as Portland and Seattle and as far south as Fresno and Bakersfield will come to San Francisco during the week for a series of business meetings and conclaves at which sales and advertising plans for the coming season will be discussed.

In commenting on the forthcoming Show, French said that the dealers are sponsoring a more costly entertainment attraction than in previous years and spending more money on decorations and exhibits for the sole purpose of stimulating public confidence and sales activities, not only in automobile circles, but in all business in this section of the country.

"We believe," said French, "That somebody and some industry must lead the way back to better times. We believe that conditions in this section of the country are fundamentally sound, but that the buying public lacks confidence, and we as dealers are going to do our part to supply this confidence by doubling our expenditures on the Automobile Show in the hope that the example

Judge And Mrs. Clay Return Home

Judge and Mrs. Wade Clay of Gaudalupe avenue returned home Friday of last week after a six weeks' vacation, spent visiting in the East.

The Judge and wife visited many of the principle easter cities. In St. Louis, Missouri, they enjoyed visiting with relatives the Judge had not seen for 40 years.

Nov. 8 Ballot To Have 159 Names

Secretary of State Frank C. Jordan certified to the state printer recently the candidates whose names will appear on the November 8 election ballot, with three running for United States Senator and 51 seeking the 20 congressional seats.

Names of 159 candidates will be on the ballot. The offices to be filled include governor, lieutenant governor, secretary of the state, controller, treasurer, attorney general, four equalization board districts, one U. S. senatorship for the regular six year term, 20 representatives in congress, 20 state senators and 40 assemblymen.

Will Move Dept. Office

During construction of the new city hall, headquarters of the Daly City Recreation Department will be moved to Miriam street and Park avenue. It will be approximately 30 days before the office can be opened at this address and at the present time recreation offices are established at 6270 Mission street.

Last Monday at the General Pershing School, recreation leaders and P. T. A. units organized a rhythm symphony. Nearly 70 children took part. A harmonica band is soon to be started at Crocker School.

San Mateo Jaysee Has Full Calendar

Drama students at the San Mateo Junior College have selected "Three Cornered Moon," a modern box office attraction, as the term play to be produced November 17 and 18. Miss Ada Beveridge will direct the cast.

Forty Jaysee coeds attended the sports day at San Jose State College Saturday.

The San Matean crew placed second in the Columbus Day regatta. The Mateans were leading until bumped by one of the other boats, thus losing out by four strokes. Crew is really a spring sport; practice will not start until next term.

The college Pre-medical Club will hold its annual fall term dance Saturday evening of this week.

San Mateo's grid team defeated the Stockton Jaysee freshmen squad in a game at Stockton 13-0, last Saturday evening.

Soccer players lost a conference game to Stanford, but the Matean reserves beat the Stanford frosh squad on the Stanford farm last Saturday. The boys then were guests of the University of Stanford-Oregon game that afternoon.

UNCLE SAM'S POCKETBOOK

The official Daily Treasury Statement on October 5 showed the financial condition of the Treasury since July 1 to be:

Expenditures	$2,360,374,843.99
Receipts	$1,571,964,419.07
In the hole	$788,410,424.92

The gross Federal debt on that date was $38,428,368,707.82.

Your per capita share of that debt is $295.60.

EMPLOY COLOR MOOD CONTROL FOR '39 FAIR

Wide Emotional Range Is Made Possible By Research

Stokowski waves a baton, and the mighty sweep of a great symphony orchestra molds the emotions of thousands to his wish. A Bernhardt, across the footlights, wrings tears or calls up laughter. A Pavlowa twirls and an audience thrills to her grace.

But at Treasure Island millions will be swayed emotionally without their knowledge of the source, without an actor in sight, a chord in the air, during the 1939 Golden Gate International Exposition, according to official announcement.

For the first time on a major scale scientific use of "emotional character of color" will be used to mold the feelings of people to a prearranged plan.

Full use of a mysterious, "invisible light" for the West's World's Fair was revealed by A. F. Dickerson, of the General Electric laboratories in Schenectady, New York. He has been experimenting for two years on the illumination of next year's fair.

Through the cunning of this electrical genius and J. E. Stanton of the exposition staff, the 1939 fair will feature color-wizardry that will:

Make men easy spenders.
Give women the feeling of glamour.
Cause romance to blossom.
Surge strength through lagging feet.
Awaken appetites and tickle jaded palates.
Awaken the desire to celebrate.
Cause feelings of deep reverance.

Missouri was first state to dedicate its building at the 1939 Golden Gate International Exposition.

thus set will react beneficially on everybody in the community."

Following French's talk which was made to some twenty odd key newspapermen of the bay city papers, Dealer Association President Glen Stater told in brief of his experiences in Detroit where he went last week to contact motor manufacturers relative to their San Francisco exhibits.

"At all the factories and from all the major executives in the business, I encountered a spirit of whole-hearted co-operation The manufacturers promised me that their dealers and distributors here would be supplied with duplicates of the New York chassis and car displays," said Stater. "Furthermore, I found a spirit of optimism prevailing in the highest Detroit automotive circles. They call attention, and rightly, to the fact that the public will undoubtedly be more interested in this year's new models than they have been for many previous years.

"Only by going to the Auto Show can the motor car buying public compare values, reappraise name plates and learn at first hand what good things the motor industry has to offer the public in 1939. The manufacturers therefore believe with me that the forthcoming Auto Show will play to record crowds of interested shoppers."

Club Sedan for 1939

Here is the Studebaker version of what the 1939 club sedan should have in the way of styling. It is a State President with two wide doors, abundant room for five and breath-taking performance from its 115 horsepower engine.

STARTER ACTION

Sluggish starter action as the weather gets cooler may not be entirely due to battery weakness, according to the Emergency Road Service of the California State Automobile Association. Cold weather causes oil and grease to thicken sufficiently to provide noticeable resistance when starting, particularly in the morning.

Contract has been awarded for grading and road-mix surfacing between Death Valley National Monument and Death Valley Junction, according to the Touring Department of the National Automobile Club. Work will be started at an early date and traffic will be subject to short delays, under control of flagmen.

Football Here Be On Guard!

With the advent of the football season our Peninsula streets and highways will carry a heavy traffic load and only careful, intelligent driving will prevent an increased number of accidents. Let us all unite in an effort to better last year's record.

KEEP YOUR DISTANCE: It sounds unfriendly, but its just a piece of friendly advice to motorists from the National Safety Council. Learn to keep a safe distance between your car and the one ahead. This will help to protect you from sudden movements on his part, and will enable you to see the road ahead and prepare for emergencies.

When passing other cars at night, watch the right edge of the road and avoid looking into other drivers' headlights. This reduces the period of blindness following exposure to dazzling lights.

DEALERS PRAISE IMPROVED 1939 LINCOLN ZEPHYR

National Auto Company Is Local Ford Sales Representative

The 1939 tide of new automobiles continues to engulf dealers in Northern California. The most notable new arrival for dealer preview this past week was the 1939 Lincoln-Zephyr. This stream-lined beauty won a spontaneous ovation from the 250-odd Lincoln-Zephyr dealers and salesmen when it was rolled into the banquet room at the Fairmont Hotel last Wednesday. A. J. Bertini represented the National Auto Company, local Lincoln-Zephyr and Ford dealer, at the preview.

The luncheon meeting was addressed by C. A. Bullwinkel, manager of the Richmond Branch of the Ford Motor Company, Roy Simpson, Lincoln Division Head of the Ford Motor Company of Richmond Branch, and Bill Beattie, assistant manager of the Richmond Branch.

The dealers heard these executives outline the sales and advertising policies for the coming year and describe in detail some of the sensational new features of the Lincoln-Zephyr for 1939, which included hydraulic brake equipment The cars retain that Lincoln-Zephyr stream-line design which, as was proudly pointed out by dealers and Lincoln-Zephyr executives at the Wednesday meeting, have proved so popular with the public that they have styled the entire automobile industry for 1939.

As one dealer remarked, the motor industry for 1939 has been "Zephyrized," as nearly all of the new models so far introduced have shown in their new designs traces of the Lincoln-Zephyr body lines.

Pantaleoni Puts Dodge On Display

Following a week of invitational preview, the 1939 Dodge "Luxury Liner" goes on public display this week at the showrooms of Pantaleoni Brothers here and throughout the Bay District.

Consensus of opinion among those who have gotten an advance look at the new Dodge is that it is by long odds the most beautiful car ever to bear the Dodge insignia. Eeverything, except the Mountain Ram which has served for years as the Dodge radiator ornament is new and different—body contours, hood lines, front grilles, fenders, lamps, windshield, front wheel springing, running boards, even the tire pattern differs from that used on former Dodge models.

"And, best of all," reports O. C. Bartons, sales manager for Pantaleoni Brothers, "the motorists who have seen the new Dodge all like all that is new about it. They tell us the new Dodge is nothing less than 'a hit' and that it has been perfectly named 'Luxury Liner'."

Pantaleoni Brothers, 7054 Mission street, are holding open house all of this week. Motorists are cordially invited to come in and inspect and drive the new Dodge "Luxury Liner."

Prices of the new Dodge passenger car line for 1939, just received from Detroit, show reductions ranging up to $55 on comparable 1938 Dodge coupe, five-passenger two-door and four-door sedan body types.

These 1939 Dodge "Luxury Liners" were specially designed to fittingly celebrate the Dodge Silver Anniversary year.

'39 CHEVROLE FEATURES MAN IMPROVEMENT

Soldavini, Local Deal Outlines Numerous Innovations

"We saw something!" so declar M. J. Soldavini, manager of the Be Motor Company, local Chevro dealer, this week when he and me bers of sales and service departme returned from a pre-showing of new 1939 Chevrolet.

"On October 22, the most startli announcement in automobile histo will be released at the public sho ing of the new 1939 model Chev lets," said M. J. Soldavini. "Our 19 car was America's Number One sa leader — and it has practically eve thing — but this new car is so o standing and offers so much for little money that I think Ameri will proclaim it the greatest au mobile buy of all times when it introduced on October 22.

"The 1939 Chevrolet is bigger a better in every way than the '38 and incorporates seventy-five maj improvements of such utility, beau and economy that I am convinc we have a car that the public w buy in great numbers.

"We were advised that immedia deliveries will be available on A nouncement Day and that the Che rolet plant in Oakland is in full pr duction," continued Soldavini. "O preferred order campaign for t 1939 car has been the most successf in Chevrolet history and the produ tion rate has been stepped up ov the 1938 product year because of t advance orders for a car that only few of us have actually seen. W think this is a great tribute to t public acceptance and reputation the Chevrolet product.

"In addition to divulging the nu erous improvements and refinemen in the new Chevrolet, Mr. Abe Par er, Chevrolet zone manager, and h staff, through the medium of elab rate skits, presented us with the mo modern methods of merchandisi which we will employ during t coming year," explained Soldavi

HIRAM JOHNSON SUPPORTS PHIL BANCROFT FIGHT

California Senator Talks Over Campaign Issues

United States Senator Hiram W. Johnson, leader of progressive forces in state and national public life, recently announced his active support of Philip Bancroft of Walnut Creek, nominee for California's second seat in the Senate.

Senator Johnson entered the current California campaign with a formal statement in which he reviewed Bancroft's progressive record and described him as "a new kind of campaigner, who believes in what he says and says it without equivocation."

The statement by Senator Johnson indicated that he will take the platform for Bancroft, discussing issues of the campaign.

Senator Johnson said:

"I'm for Philip Bancroft for United States Senator. I am for him because he has honesty, integrity, ability, and above all, courage.

Phil Bancroft

Republican nominee for United States Senator

Engineer Candidate Outlines Experience

Twenty-five years of engineering experience are possessed by M. A. Grant, candidate for county engineer at the November 8 election.

Grant, a graduate of the College of Civil Engineering of the University of California, at present is enganged in the engineering and contracting business with Ernest Hoffman under the firm name of Grant & Hoffman with headquarters in Redwood City. He has been affiliated with the firm for four years, but for the four years prior thereto, he was deputy engineer and road superintendent under former County Engineer James S. James, whose support he has won in the current campaign. He is not sponsored by any organization or individual, however.

One of Grant's construction jobs in a previous position involved the locating of La Honda Road from Woodside to the Coastside.

A. GALLAGHER MAKES PLEDGE TO COOPERATE

Incumbent Completes Tour Of District's Seven Counties

Close co-operation with city and county officials and full consideration of community interests in the granting of liquor licenses will be the policy of Andrew J. Gallagher's administration as this district's representative on the State Board of Equalization, Gallagher announced today.

Gallagher recently was appointed to the post held for many years by the late John C. Corbett, and has just completed a tour of his district's seven counties: San Francisco, San Mateo, Santa Clara, Santa Cruz, San Benito, Monterey and San Luis Obispo. He is a candidate to retain the office in the November general election.

COMPLAINTS HEARD

"During my inspection I had the opportunity of talking with representatives of women's clubs, civic groups, parent-teachers, fraternal and luncheon clubs, the ministerial association and others. I do not hesitate to say I heard many complaints on the liquor situation. Of course, due to the great diversity of opinion this is bound to be the case, and to get the straight of it I have instructed Don Marshall, our chief liquor control officer, to get the facts and submit them to me.

"It is my opinion that with the close co-operation I plan to give, there is no reason why we cannot reach a harmonious understanding in every community. I ask only that the same co-operation be extended to me."

Downey Has Three Party Endorsement

SHERIDAN DOWNY
"Three-Party" Nominee for U. S. Senate

Democratic primary opponent by more than 100,000 votes, Downey finds the Democratic factions united behind him with unprecedented solidarity and with a thumping registration 800,000 in excess of the Republican opposition.

Downey's Republican opponent, Philip Bancroft, out-and-out anti-New Deal, anti-Roosevelt and anti-Labor, offers the voters the clear-cut choice of voting for Downey and continuation of the New Deal, or voting for the Republican who will work to "repeal the New Deal."

Bancroft characterizes Roosevelt as a "crackpot"; denounces labor unions and proposes to curtail relief payments, reduce relief wages slash old age pensions and public works. He brands the Social Security Act as "legalized embezzlement" and proposes a new "high tariff" as the main bulwark of American prosperity.

CAN YOU EXPLAIN?

A Challenge to J.J. (I'm proud to be a "yes" man) McGrath

WHY you twice "rubber-stamped" political administration of relief?

WHY you voted on May 11, 1936 and on May 12, 1938 to prevent non-partisan administration of relief?

WHY you voted for playing politics with human misery instead of relief based on human need?

The voters of the 8th Congressional District want to know.

SUMMONS

In the Superior Court of the State of California, in and for the County of San Mateo.

ALBERT A. MOLFINO, Plaintiff, Vs. ALL PERSONS CLAIMING ANY INTEREST IN OR LIEN UPON THE REAL PROPERTY HEREIN DESCRIBED OR ANY PART THEREOF, Defendants.

Action No. 28896
Department No. 2

ALBERT A. MOLFINO, In Propria Persona, and I. KARMEL, Attorneys for Plaintiff, Colma, California.

THE PEOPLE OF THE STATE OF CALIFORNIA:

To all persons claiming any interest in, or lien upon, the real property herein described or any part thereof, defendants, greeting:

You are hereby notified to appear and answer the complaint of ALBERT A. MOLFINO, plaintiff, filed with the Clerk of the above-entitled Court and County, within three months after the first publication of this Summons, and to set forth what interest or lien, if any, you have in or upon that certain real property or any part thereof, situated in the County of San Mateo, State of California, particularly described as follows:

Parcel One:

Lots 1 and 2 in Block 38 as designated on the map entitled "MAP OF THE LANDS OF THE ABBEY HOMESTEAD ASSOCIATION," which map was filed in the office of the Recorder of the County of San Mateo, State of California on January 2, 1872 in Liber 15 of Deeds at pages 2 and 3 and a copy entered in Liber 1 of Maps at page 14.

Parcel Two:

Lots numbered 3, 4 and 7 in Block 36 as designated on the map entitled "MAP OF THE LANDS OF THE ABBEY HOMESTEAD ASSOCIATION," which map was filed in the office of the County Recorder of the County of San Mateo, State of California, on January 2, 1872, in Book 15 of Deeds at pages 2 and 3 and a copy entered in Book 1 of Maps at page 14.

And you are hereby notified that, unless you so appear and answer the plaintiff will apply to the Court for the relief demanded in the complaint, to-wit: That it be adjudged that the plaintiff is the owner of said property in fee simple absolute; that the title to said property be established and quieted; that the Court ascertain and determine all estates, rights, titles, interest and claims in and to said property, and every part thereof, whether the same be legal or equitable, present or future, vested or contingent, and whether the same consists of mortgages or liens of any description; that plaintiff recover his costs herein and have such other and further relief as may be meet in the premises.

WITNESS my hand and the seal of this Court.

(SEAL)

Dated September 20, 1938.

W. H. AUGUSTUS, Clerk.

Ordinance No. 216

AN ORDINANCE FIXING AND ESTABLISHING A TEMPORARY PLACE OF MEETING OF THE CITY COUNCIL OF THE CITY OF DALY CITY.

WHEREAS it appears that the premises designated in Ordinance No. 181 of the City of Daly City for the holding of official meetings of the City Council of said City are about to be demolished to make way for the construction of a new city hall building upon the site of said existing premises at 51 Wellington Avenue in said city,

AND WHEREAS it appears that during the period of such demolition and new construction it will be physically impossible to hold official meetings of said city council at the place designated in said Ordinance No. 181,

NOW, THEREFORE the City Council of the City of Daly City do ordain as follows:

; Section 1. Regular and special meetings of the City Council of the City of Daly City shall be held in and at the premises known and designated as No. 188 Santa Barbara Avenue in the City of Daly City, at the usual times and in the usual manner. Nothing in this ordinance contained shall supersede or repeal any ordinance of the City of Daly City nor any part of any ordinance but the sole effect hereof shall be to suspend until further action of this council the operation of Section 1 of Ordinance No. 181 of said city, with respect to the place of meeting of said council.

Section 2. Upon the completion of the construction of a new city hall in the preamble hereof referred to, said city council shall by resolution determine that said city hall has been reconstructed and rebuilt and upon such determination shall cause to be published once in the Daly City Record, a newspaper of general circulation printed and published in the City of Daly City and hereby designated for the purpose, a notice to the effect that commencing on and after a date in such notice to be specified, said city council will again resume and continue to hold all official meetings at said newly constructed city hall at the same address, in accordance with the terms and provisions of said ordinance number 181 of said city. Upon such determination and the publication of such notice the suspension of the provisions of Section 1 of said Ordinance No. 181 shall automatically cease.

Section 3. Ordinance No. 181 hereinbefore referred to is that certain ordinance entitled "An Ordinance of the City of Daly City, California, fixing the time and designating the place of official meetings for the city council of said city; adopting rules of order for conducting meetings; providing for the preliminary consideration of reports and other matters prior to said meetings, and repealing all ordinances, parts of ordinances and resolutions in conflict herewith". Reference is hereby made to the preamble of the within ordinance and the same is hereby incorporated herein.

Section 4. This ordinance shall go into effect immediately. The City Clerk is hereby directed to cause this ordinance to be published once in the Daly City Record, a newspaper of general circulation, printed and published in the City of Daly City.

I hereby certify that the foregoing ordinance was and is duly and regularly introduced and adopted at a regular meeting of the City Council of the City of Daly City held on the 14th day of October, A.D. 1938, by the following vote, to-wit:

AYES: Councilmen Cavagnaro, Sundermann, Twesten, Fahey, Selmi.
NOES: Councilmen None.
ABSENT: None.

You Will Pay More Under A Single Tax

California wouldn't be California under a single tax!

When it is realized that a single tax is not a substitute for any tax but is a substitute for Democratic government, you will realize why you will pay more under its terms than you do now under the sales tax. Under the sales tax, you and I share alike, according to our ability to pay, in the costs of government. We share equally in its benefits too. That is Democracy.

The single tax, which appears as proposition 20 on the November ballot, was designed by a few theoretical men who believed that there should be no private ownership of land. In other words they saw no reason why people should own their own homes.

CONFISCATION

To prevent anyone from privately owning land these single taxers devised a way to take it. They would double or treble present land taxes. This is their plan. Six times they tried in one form or another to foster their scheme on the people of California. Six times voters have seen through the plan. This time they try a different idea.

SALES TAX KITE

They believe the sales tax to be sufficiently unpopular to make us want to repeal it. So they propose this—

Repeal the sales tax and substitute for it the single tax on land alone. It is plain to see that by this subterfuge they believe they can dupe Californians into voting away their civil rights, their rights to own property.

Other dangerous parts of the single tax proposition are these strong possibilities that insufficient money could be raised by the plan to—

Keep our schools open, provide aid for our aged, blind and other unfortunates. This can't happen. We must vote "no" on 20!

Birthday Party For Wanda Sadler

Wanda Sadler of Risel street celebrated her sixth birthday by playing hostess to her school mates and friends Tuesday afternoon. Guests were seated at an artistically decorated table. The place cards were dainty dressed dolls. A pleasant afternoon was spent playing games. The little hostess received many lovely gifts.

Former Local Couple Celebrate Anniversary

Many friends and former neighbors of Mr. and Mrs. George Felsh of Palo Alto, formerly of Risel street, motored to Palo Alto Friday evening of last week where they attended the Felch's thirtieth wedding anniversary.

The happy couple were presented a handsome dinner set and matching glassware. There were 28 guests present.

The table and home decorations were carried out in white crepe paper made to represent pearls.

RAPID TRANSIT

I am asked frequently what is being done regarding the proposed municipal bus system for Daly City. Such rapid transit plans are still tentative. No permanent setup will be established until a 30 day test period has been successfully completed.

Paul G. Selmi

I am now waiting for a communication from the Public Utilities Commission of San Francisco to advise us whether or not we may obtain a permit to operate a portion of the route in that city. If such a permit is granted buses will be rented for a month for test runs to determine economic and time saving advantages of the proposal.

I believe the plan affords the people of Daly City a driect route to down town areas via twin peaks tunnel and Market street. The proposed bus route will serve all portions of Daly City and will run via Junipero Serra boulevard to the western end of Twin Peak's Tunnel where passengers may board municipal street cars and arrive at Fifth and Market just 29 minutes after leaving their homes.

VITAMIN A FOR BLINDNESS

Lack of vitamin A may be responsible for "night blindness" which causes a large proportion of night motor vehicle accidents, according to reports from the National Safety Council.

Annual Fathers Night At Woodrow

The Woodrow Wilson Parent Teacher Association held its Annual Fathers Night on Tuesday evening in the Woodrow Wilson School. Following a very short business meeting, an interesting program was presented. Cub Pack No. 141, under the direction of Scout Master Joe Straughn, gave a demonstration of the Scout Laws. Motion pictures of camp life and many activities were shown.

Herbert King, president of the Fathers Forum of Daly City, gave a brief talk on the work and future plans of the Forum. Clive Saiz, president of San Mateo County Teachers Association, gave an enlightening explanation of the single tax law and asked co-operation of everyvoter in defeating this measure as it will greatly decrease the finances of our school administration.

Other guests present were Mrs. Geo. Bruns, Mrs. F. L. Kneupfer, Mayor Paul Selmi and Superintendant of Schools R. L. Crane. Several music selections were played on accordians by the Vernazza twins, James and Joseph.

Mrs. Nancy Heath was appointed delegate to the district meeting which is held in Burlingame today.

The Sewing Club will meet at the home of Mrs. Martin Linden, 467 Niantic avenue, on Thursday afternoon, at 1:30.

Plans are going forward for the monster turkey whist which will be held in the Masonic Hall on Thursday evening, November 10, at 8:30. Mrs. L. Thomey is general chairman.

BE PERFECT

Be ye therefore perfect, even as your Father which is in heaven is perfect. Mt. 5:48.

It is an impossible thing for men to be absolutely perfect while they live, for "all have sinned and come short of the glory of God." Man lives in a world filled with a mixture of evil and good, and as long as he lives he will of necessity have to come in contact with evil.

Since man is an imperfect creature; lives in an imperfect world; surrounded by evil on every side, and must associate with evil doers, at least to a certain extent, he will always be found making mistakes and committing occasional sins

All that man can do then is to do as Jesus has suggested, Be Perfect—that is, draw nigh to God; approach as near as possible to that perfection which is God. He must forget the mistakes of his yesterdays and failures of the years that are gone, and live as nearly perfect this day as he can. If he will take care of the Day's duties as best he may in God's sight, then as the years take their place with the days that are gone, he will have no regrets and no dread of the future. He will grow stronger and better spiritually as he approaches the farther side of Time.

LOCAL RESIDENT WINS $500 IN ALL AMERICAN BASEBALL POLL SPONSORED BY KELLOG

Sodelli And Raffo Grocery Awarded $250 Kellogg Prize Money

A Daly City baseball fan, Mrs. Jobette Burke, 1807 Junipero Serra boulevard, came off with high honors and $500 in the ninth and final week of the Kellog All American Baseball Poll. Mrs. Burke's thirty word statement explaining her choice of a pitcher for the team was judged the best of tens of thousands of entries from all parts of the United States. Mrs. Burke is a cousin to B. C. Ross, city clerk of Daly City.

In addition to her own prize, Mrs. Burke's entry also earned a check for $250 for her grocer, Sordelli and Raffo Grocery, 6350 Mission street, for according to the plans of this competition, each consumer winner automatically wins a check equal to half his own for his grocer.

Albert Sordelli and Raymond Raffo received their check from Mrs. R. W. Sawyer, Kellog representative, at the Civic Auditorium Food Show just concluded. Mrs. Burke is at present on vacation in Denver, Colorado.

Other major prize winners in the ninth week's poll were: Second prize, Edwin Aker, Sioux Falls, South Dakota, $100, and his grocer, George E. Serel, Sunshine Food Markets, No. 3, $50; third prize, John Calvin Cartwright, Richmond Hill, New York, and his grocer, the Wonder Dairy, $25; and fourth prize, Mrs. J. M. McGonigle, Sun Prairie, Wisconsin, and her grocer, Emden's Food Store, $12.50.

Five pitchers for the Kellog team were selected by vote of fans in the ninth week of the Poll. These include: Charley Ruffing, New York Yankees; Carl Hubbell, New York Giants; Johnny Vander Meer, Cincinnati Reds; Bob Grove, Boston Red Sox and Tommy Bridges, Detroit Tigers.

Other winning players in the various team positions each of whom received a new Buick with the compliments of the Kellogg Company are: Lou Gehrig, first baseman; Charles Gehringer, second baseman; Mel Ott, third baseman; Joe Cronin, shortstop; Ducky Medwick, left fielder; Pete Fox, right fielder; Joe Di Maggio, center fielder and Bill Dickey, catcher.

During the nine weeks of the poll, a total of $76,612.50 in cash prizes to winners and their grocers have been awarded by the Kellogg Company.

Marin Co. Wins 9-8 Over Locals

A Daly City baseball club bowed to Marin Co. 9-8 in their last ball game, in spite of the fact that Denning drove in four runs and Krohn got a homer and a triple.

Local players were J. Lucia, Johnson, S. Lucia, Long, P. Ragghaneti, Krohn, Denning, Schuback and Gorby.

Catholic Scouts Hold Election

Daly City Catholic Boy Scouts Troop No. 101 recently held an election of officers. Results were: Stanley Parmisano, Donald Winters and Robert Gerhard, patrol leaders; Robert Ballew Eddie Collins, Bobby Crooker and A. L. Sundstrom, assistant patrol leaders; Bobby Crooker, treasurer; Wally Coughlin, scribe.

Timothy Chreisten, Donald Winters, Wally Coughlin, Al Sundstrom and Jimmie Coughlin have received their second class badges.

Donald Winters, Wally Coughlin and Stanley Parmisano won prizes on the October signal contest.

JEFFERSON GRADE SHOW DISPLAYS

The Seventh and Eighth Grades of Jefferson School have a new display in their main hallway this week.

The Seventh Grade has just completed a unit of study on geographical explorations during the fifteenth century.

A large mural depicting the landnig of Columbus on the island of Santa Domingo and his first sight of the Indians is on displa y. There is also a display showing models of Columbus' ships. Some of these ships are constructed of wood, others are made of cardboard.

The Civil War Period was the theme of the Eighth Grade Social Science unit.

The girls of the Eighth Grade exhibited dolls dressed in costumes of the period. A large panel showing drawings of other costumes supplied a background for the attractive little models.

The subject of cotton was studied in conjunction with this period.

Cotton booklets were made by all the Eighth Grade pupils. The boys of the class made a small cotton plantation. There is also a miniature working model of the first cotton gin. A small southern mansion completes the exhibit.

Several members of the Jefferson Service Club recently spent a Saturday at Russian River.

Movie "Pups" Nearly Complete

The movie "Pups" is completed except for one stubborn scene, according to reports from Boy Scouts from Troop No. 141 who are making the film. Although everything has progressed smoothly so far, the last scene, which involves the eating of weinies, just won't go off.

Mr. Straughan, cubmaster, who is directing the picture, thinks the fact that the weinies are distributed to the boys too soon may be the reason they are having to take the scene for the third time.

Fathers, Mothers At P. T. A. Meeting

A good representation of both fathers and mothers attended the Crocker P.T.A. meeting Tuesday evening of last week. Mr. Richards, representative of the Golden Gate Exposition, showed a set of slides on progress of the fair on Treasure Island.

H. G. King, president of the Daly City Fathers Forum, delivered a short address on the work of the forum.

Mrs. Pahlka announced that during the month of October a special effort is to be made to procure new P.T.A. members. This is a state wide campaign, and Crocker is especially anxious to add a large number of new mother and father members.

Mrs. Davidson and Mrs. Kinsey represented the unit at the presidents' meeting in Burlingame, Monday, and Mrs. Pahlka, membership chairman, accompanied Mrs. Davidson to the special membership meeting, also held in Burlingame last week.

TAXATION

Some of the members of Crocker P.T.A. have been studying "Taxation" under the leadership of Mrs. O. Kinsey, district awards chairman. The first class was held Thursday of last week at the home of Mrs. Florence Thorsen at the meeting of the Sew and Sew Club on that day. Yesterday the second class was held during the Sewing Club meeting at the home of Mrs. Mary Jacobi. The third class will be held at the home of Mrs. Julia V. Jordan Thursday of next week when the Sew and Sews meet. These classes are interesting and will continue until six have been held.

There will be an afternoon whist at the home of Mrs. Virginia Davidson on Hanover street, Friday of next week at 1:30 o'clock. Members and friends are invited to attend.

Daly City Theatre Shows Sea Drama

Hollywood, which has searched the world over for novel and interesting motion picture backgrounds, brings a new setting to the screen in "Port of Seven Seas," coming Sunday to the Daly City screen, for this picture has the colorful and unusual French seaport of Marseilles as its locale.

Wallace Beery, in a role arrestingly different from his more recent "bad man" portrayals, stars in the new drama as the rough but tender-hearted owner of a waterfront cafe and the distinguished supporting cast features the inimitable Frank Morgan, Maureen O'Sullivan, fresh from her triumph opposite Robert Taylor in "A Yank at Oxford," John Beal, Jessie Ralph, Cora Witherspoon, Etienne Girardot and E. Allyn Warren.

"Port of Seven Seas" revolves about the love of Madelon (Maureen O'Sullivan) for Marius (John Beal), who leaves the girl behind him when he no longer is able to restrain his longing to sail away to the faraway places he has always dreamed of. During his absence Madelon becomes betrothed to the wealthy Panisse (Frank Morgan), and it is this complication which Marius faces when he returns from the sea. Cesar (Wallace Beery), owner of the marine bar and father of Marius, unearths a rough but practical philosophy which guides the various protagonists of the drama to their respective destinies.

San Luis Obispo County offers good prospects for the sportsmen, reports the Outing Department of the National Automobile Club. Quail are plentiful and there are many ducks on Morro Bay. Fishing is poor and there are no pheasants.

Hi P. T. A. Plans Monster Whist
